

LILLEVILLA

catalogue 2016

Lillevilla is a high quality log cabin brand designed in Finland. All our products are made of Nordic spruce or pine, which means they are of the best quality possible. Our cabins are available with various different log thickness, ranging from 28mm up to 70mm, with 44mm being the most popular thickness. Our products are delivered as an easy assemble kit with windows and doors ready to be mounted. We also offer models with double glazed windows. Lillevilla products are manufactured both in Finland and at our factory in Grabow, Germany. Thanks to our advanced logistics system we can guarantee a fast delivery all over Europe.

In this brochure we have collected a small sample of our best selling, and new interesting products.

Models might vary slightly within countries. Please ask your contact person for more information about models we provide to your country.

All of our products are of highest quality. We are continuously developing our methods to enhance the quality, develop the manufacturing process and at the same time offer a wide range of affordable products.

A man and a young child are riding bicycles on a gravel path in front of a small, blue wooden cabin. The man, wearing a yellow sweater and a red helmet, is smiling and looking towards the camera. The child, also wearing a red helmet and a blue shirt, is smiling and looking towards the camera. The cabin, named 'Lillevilla 70-2', has a white door with a small window and a white-framed window with two panes. It features a wooden bench and a small table on the porch. The cabin is surrounded by lush green trees and foliage. The text 'Lillevilla 70-2' is overlaid in large white letters at the top of the image.

A man in a dark jacket and blue jeans is raking fallen yellow and orange leaves on a green lawn in front of a wooden cabin. The cabin has a gabled roof, light-colored wooden siding, and two sets of double doors with glass panes. The scene is set in a wooded area with trees showing autumn foliage under a blue sky with white clouds. The text "Lillevilla 199" is overlaid in large white font at the top center.

Lillevilla 264

A man and a woman are walking on a green lawn in front of a modern wooden cabin. The cabin has a light-colored wooden exterior and a dark roof. A large glass door is open, revealing a patio area with a white sofa, a coffee table, and a floor lamp. The woman is wearing a red top and blue jeans, and the man is wearing a light blue shirt and khaki pants. They are both smiling and looking at each other. The background shows a lush green landscape with trees and a clear blue sky.

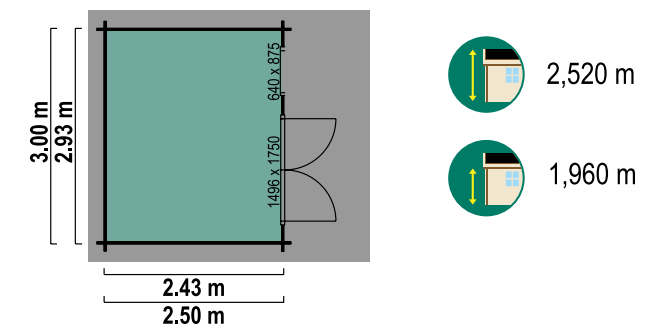

Lillevilla 264

*Lillevilla 264 represents the classic line of cabins.
It is spacious but compact.*

SAUNA & GRILL

A 3D architectural model of a small, modern house with a gabled roof, showing the interior layout with a living area, kitchen, and bedrooms. The model is made of light-colored wood and is divided into two main sections by a central vertical partition. The left section contains a living area with a sofa and a television, and a kitchen area with a countertop and cabinets. The right section contains two bedrooms, each with a bed and a wardrobe. The house has a simple, clean design with a gabled roof and large windows.

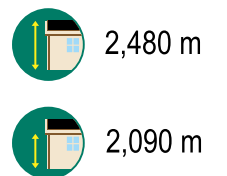

Diagram illustrating the layout and dimensions of a building. The overall dimensions are 3.80 m (width) and 2.00 m (height). The layout is divided into three main sections:

- Top Section:** A large rectangular area with a width of 3.80 m and a height of 1.91 m. It is divided into two equal parts, each 1.90 m wide. The area is labeled 640×640 and 640×1772 .
- Bottom Section:** A rectangular area with a width of 3.80 m and a height of 1.00 m. It is divided into two equal parts, each 1.90 m wide. The area is labeled 897×1820 .

Two circular icons on the right represent different building types or configurations:

- The top icon shows a building with a height of 2,480 m.
- The bottom icon shows a building with a height of 2,090 m.
